

Product Highlights:

- High-speed performance—leverages UHS-II technology (U3) for a read transfer speed up to 300MB/s¹ (2000x)
- Captures high-quality images and extended lengths of Full-HD and cinema-quality 4K video
- Designed for durability³
- Backwards compatible with UHS-I devices
- Limited lifetime warranty

Capacities:

SDHC
32GB

SDXC
64GB
128GB

Professional-level performance you can trust

Lexar® Professional 2000x SDHC/SDXC UHS-II cards let you quickly capture and transfer high-quality photos and extended lengths of Full-HD and cinema-quality 4K video, with a read transfer speed up to 300MB/s¹ (2000x). The cards also leverage UHS-II technology (UHS Speed Class 3 (U3)) for high-speed performance, so you'll power through post-production with super-fast file transfer from card to computer. This dramatically accelerates workflow from start to finish, so you can save time and get back to the business of photography. These cards also come with a limited lifetime warranty.

Shoot high-quality images and stunning 4K video. Using a DSLR or cinema-quality video cameras, you'll be able to leverage the latest photo and video features available for shooting high-quality images and extended lengths of Full-HD and 4K video.

Dramatically accelerate your workflow. Lexar Professional 2000x SD cards offer super-fast speeds of up to 300MB/s read¹, dramatically accelerating your workflow² from start to finish. With write speeds of up to 260MB/s, handle sequential burst mode and RAW plus JPEG effortlessly, so you never miss a shot.

Designed for durability. These cards provide the performance you need to capture and store valuable data in a variety of elements. Lexar Professional 2000x SD cards are waterproof, temperature-proof, shockproof, vibration-proof, and X-ray-proof³.

Backwards compatible at the highest UHS-I speeds. For versatility, the cards are also backwards compatible with UHS-I devices, performing up to the maximum thresholds of UHS-I speed capabilities. The cards also work with older, non-UHS-I devices, performing at Class 10 speeds.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and solid-state drives. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

¹Up to 300MB/s read transfer, write speeds lower. Speeds based on internal testing. Actual performance may vary. X=150KB/s.

²Highest transfer speeds achieved only when paired with an SD UHS-II reader.

³**Temperature-proof:** Withstands operating temperature range from 32°F (-0°C) or 158°F (70 °C) and non-operating temperatures from -13°F (-25°C) or 185°F (85 °C).

Shockproof: Shock resistant (200G [1961.33m/sec²] 3ms, 150G [1471.00m/sec²] 10ms, From X.Y.Z, 3 directions/3 times each)

Vibration proof: Vibration resistant (10Hz to 2000 Hz, 6Grms, 5 minutes per 1 cycle, 10 cycle per 1 axis total 30 cycles per 3 axis, based on IEC 60512-6-4 guidelines).

X-ray-proof: Protected against X-ray exposure based on ISO7816-1 guidelines.

Lexar is not liable for any loss of data or images.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.

Limited lifetime warranty is limited to 10 years from purchase in Germany and regions not recognizing lifetime warranty.
